Patient Web Access

You do your banking from home, your shopping on-line, you surf the web for the latest news - well how about booking your next appointment with your Physician on-line?

Dr. C.W.Wiebe Medical Centre is proud to announce that you will now be able to book your regular physician appointments online, using a secure and private system. At your physician's discretion you will also be able to see your current medication(s), lab results, and other important health information.

How does it work:

You will need to give your e-mail address to our reception staff and they will set you up with access to our Electronic Medical Record (EMR). It may take **up to four (4) working days** to activate your access, so we ask for your patience on this matter. You will need to use the password "**CWWaccess**" the first time you login. Note that your password is case sensitive. Your **9 digit PHIN number** (Personal Health Identification Number found on the back of your Manitoba Health Card) is your user name. You will then be prompted to change your password.

To get to our web site, go to either <http://www.cwwiebemedical.ca> and click the button on the first page or you can go directly to <https://patientweb.cwwiebemedical.ca>.

On the first page you will see a disclaimer for the site, please read this carefully, and if you accept this (click the accept button), you will not be asked to accept this again on subsequent visits.

Please take the time on the first visit to check your personal health information and let us know via phone (204-325-4312) or email (info@cwwiebemedical.ca) if anything needs updating (i.e. phone or address changes). Please note that if you choose to email us, you must use the email address that you use on this form.

To book an appointment, select the tab "appointment". You can choose a specific time or browse a range of dates for your appointment. After selecting an appointment, follow the prompts. An email will be sent to you confirming the appointment time and date. You can cancel an appointment online, as well as see future appointments and appointments booked in person at the office.

You will be allowed to book only one appointment at a time online and only a general 15 minute appointment. If you need to book a complete physical exam or a longer appointment, please call our office (204-325-4312). Also, you cannot book two (2) appointments for the same day.

This is a new service and we would welcome feedback on the system (feedback can be provided in person, over the phone: 204-325-4312, or via email: info@cwwiebemedical.ca). Currently we are offering only selected appointments for web booking; we intend to increase availability as demand requires. We also hope to use this system to pass information to you about important health initiatives.

If you forget your password, you can request a temporary password be sent to you by e-mail.

Patient Information:

Name: _____ Date of Birth: _____
Given Surname Year-Month-Day

Phone Number: _____ Email Address: _____

I certify that the above information is my own, is accurate, and that I consent to/request web access:
